Total-Biotics® has a new look, same great product, but the labeling is now complying with AAFCO and NASC labeling guidelines.
Total-Biotics® supports: Good Digestion, A Strong Immune System, A Healthy Digestive Tract, Normal Bowel Movements, Healthy Bacterial Growth In Gut, Normal Bacterial Gut Balance, Normal Gas, Manufacturing B Vitamins, Normal Candida Yeast Probiotic Balance, Normal Food Tolerances, Optimal Health.

For Both Dogs and Cats

Total-Biotics® is designed for daily use at every meal. It aids digestion and supports a healthy gut. Total-Biotics® may also be doubled to replenish the normal probiotic balance in times of excess stress or exposure to antibiotics.

Many things can disrupt the intestinal probiotic balance. Stress, poor diet, pollutants, environmental changes, and chemicals. Probiotic imbalances can contribute to a host of issues like upset stomach, loose stool, poor nutritional absorption, dull coat, low energy and more.

Total-Biotics® is the only pet probiotic that contains patented ingredients to support a healthy intestinal tract. That's why our long-term results are so outstanding. Total-Biotics® supplies just the right amount of fourteen different species of live Pro-Biotics along with prebiotics, perfectly matched to how much food your pet consumes every day. Total-Biotics® gives you a unique advantage not available from anyone else, our L.E.A.D.S.® system. "Live Enzyme Activated Delivery System®". L.E.A.D.S.® insures nutrient delivery on a cellular level. Total-Biotics® uses only 100% AAFCO approved probiotics, and enzymes to give your pet every advantage. For superior results also use the companion digestive enzyme supplement Total-Zymes® right with Total-Biotics®. They are formulated to work together to give your pet every advantage for a long and healthy life.

"Healthy Pets Live Longer"

Feeding Directions for Dogs:

Add one level scoop (approximately 625 mg) of Total-Biotics® to every cup of dog food fed, every time.

Feeding Directions for Cats:

Add one level scoop (approximately 625 mg) of Total-Biotics® to every cup of cat food fed, every time.

This product is intended for intermittent or supplemental feeding only.

For your convenience a free scoop is inside every jar of Total-Biotics® (it may have settled to the bottom during shipment). NWC Naturals® Pet Products uses only AAFCO approved stabilized live probiotics that can be stored at room temperature. To extend the life and potency of this product store it in the refrigerator after opening. Freezing will extend the life of the product even more. The code stamped below is the lot number and best by date.
